General O. O. Howard,

The saintly O. O. Howard, head centre of Radical piety and Freedmen's Bureau has been arraigned upon fifteen separate and distinct charges of corruption and villainy. The twelfth charge is that he caused or knowingly allowed lands in Washington City, owned by an officer of the Freedmen's Bureau, to be transferred to a freedmen's school in North Carolina. the officer taking the money appropriated for that school, thus perpetrating a fraud both upon the Government and the freedmen.

We should by all means like to know where the school was located and who were the parties concerned in this transaction. Who would have supposed the pious Howard could have been cheating the Government and the poor negroes too?

By the way, we see that General E. Whittlesy, the precious and reverend scoundrel, we suppose, who left this State after the exposures made by Generals STEDMAN and FULLERTON, seems to be conserned in Howard's rascalities. If the peculations and murders committed and permitted by Whittlesy in this State did not secure his discharge from the Bureau. we do not suppose anything Howard would do could surprise those cognizant of Whittlesy's transactions while in charge of the Bureau here.

Senator Carpenter yesterday took Mr. Sumner and Mr. Morton in hand, and dissected them in a most skillful manner. Morton was on the rock and wriggled most uncomfortably under the powerful thrusts of the Senator from Wisconsin. Sumner tried to look unconcerned, but notwithstanding his hide has grown callous from frequent castigations I think he came as near being skinned yesterday as the callosity of his epidermis (Ashe would say) would permit. Mr. Carpenter was listened to with a great deal of attention, Senators Casserly, Davis, Thurman and others of the Democratic side going over cities of the seaboard. to his side in order to lose no word of his

An Emigration Scheme, A Washington dispatch says that Gen. Logan intends introducing in a few days a bill incorporating the Irish National Colonization Association. Its managers comprise leading wealthy and influential Irishmen in every city in the Union. The principal object of the bill is to remove the surplus Irish from the over-crowded cities of the East, and place them on farms, as well as provide means of transportation for the poorer classes who are daily arriving from Europe. It also provides for the establishment of loan offices and emigration agents in the different
